Excalia[®] Fungicide: The Ultimate Yield Protector

Excalia[®] Fungicide is a highly-effective SDHI fungicide to combat *Rhizoctonia* aerial blight, also known as foliar blight or web blight, in soybeans. With excellent locally systemic and translaminar activity, *Excalia* provides fast movement into the plant for powerful disease control.

- ▶ Locally systemic action for fast movement into plant tissue
- ▶ Strong potency against *Rhizoctonia solani*, the pathogen that causes *Rhizoctonia* aerial blight
- ▶ Superior staying power for longer-lasting residual control
- ▶ Powerful protection of yield and quality

Excalia Efficacy Against Rhizoctonia Aerial Blight

Excalia demonstrated superior protection against *Rhizoctonia* vs. the grower standard.
