

Lesson Plan: Helping The Earth On The Farm

Learning Objective:

Students learn simple ways farmers help care for the Earth and how they can help at home and school.

Materials:	Lesson Overview:
• Picture cards showing Earth-friendly actions • Recycling bin • Crayons or markers • Earth Helper Promise worksheet	1. Introduction (10 min) 2. Lesson: Caring for Our Earth (15 min) 3. Game: Earth Helper Sorting Game (15 min) 4. Activity: Earth Helper Promise (15 min) 5. Wrap-Up (5 min)

1.Introduction (10 Minutes)

- Ask:
 - Why is our Earth important?
 - How can we help take care of it?
- Show pictures of:
 - Recycling
 - Planting trees
 - Watering plants
 - Picking up litter

2.Lesson: Caring for Our Earth (15 Minutes)

- Discuss:
 - Save Water
 - Plant Trees
 - Help Bees
 - Recycle Materials
 - Keep Areas Clean
- Explain that farmers help care for the land, water, and animals.

3.Game: Earth Helper Sorting Game (15 Minutes)

- Students decide if actions are:

- Helping the Earth 👍
- or
- Not Helping the Earth 👎
- Examples:
 - Planting a tree
 - Recycling a bottle
 - Watering plants
 - Throwing trash on the ground

4.Activity: Earth Helper Promise

- Students complete:
- "I can help the Earth by _____."
- Students draw a picture showing how they help.

5.Wrap-Up (5 Minutes)

- Review:
 - What can we do to help the Earth?
 - Why should we recycle?

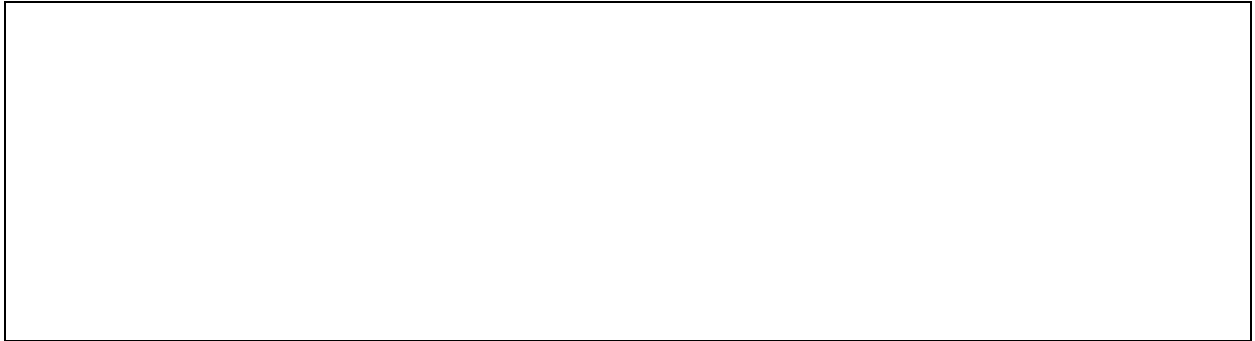

Assessment:	Extension Ideas:
✓ Students identify Earth-friendly actions.	• Start a classroom recycling station.
✓ Students explain ways to help the environment.	• Plant flowers for pollinators.
✓ Students complete their Earth Helper Promise.	• Go on a nature walk.

Name: _____ Date: _____

Earth Helper Promise

Directions:

Draw a picture showing how you can help the Earth.

I can help the Earth by

Bonus Question:

What is one thing your family does to help the Earth?

WE CAN HELP THE EARTH!

Directions: Color the picture.
